

Bramhope Primary School Planning Application

Leeds City Council and Leeds Local Education Partnership (LLEP) are excited to let you know that a planning application will soon be submitted for proposed construction works at Bramhope Primary School

The proposed development seeks to address a number of challenges at the site and to improve the current facilities to cater for the existing and future needs of the school.

The works proposed include the following:

- Internal reconfiguration including reorientation so that the main school entrance is off Breary Rise (it is currently off Tredgold Crescent).
- New build extensions in two locations in the KS1 building (a small dining hall extension and a small extension to the general office/staff areas).
- New landscape strategy across the site, including:
 - ◇ A landscaped link between the two buildings
 - ◇ The reorganisation and expansion of car parking
 - ◇ Perimeter fencing to the full boundary of the school campus
 - ◇ New planting

Please email your questions or comments no later than 23rd November 2021

Bramhope Primary School Planning Application

**Indicative Site Layout Plan as Proposed*

Our development proposals can be viewed online and you can also contact the Design Team if you have any queries or comments. Details are at the bottom of this page.

We will also be holding an online consultation event with the Design Team on **17th November at 1pm**. If you wish to join the event, please register your interest by emailing us at least 24h before the event and we will provide you with a link to join.

We will be submitting a planning application towards the end of November 2021. Once the application has been submitted, it will be available to view and comment on online via Leeds City Council's Planning Portal - <https://publicaccess.leeds.gov.uk/online-applications/>
